Gentlemen:

RE: ML 29216, 30645, and 34863

It has recently come to my attention that all three of the above-numbered leases comprise the Ute No. 32 Gilsonite Mine being operated by your company, yet reclamation surety bond #557E400-A issued on your behalf by the Travelers Indemnity Company in the amount of \$4,489.70 on March 27, 1978, and accepted by the Division of State Lands on August 28, 1978, lists only one of these leases, ML 34863, for which it is liable.

It is necessary that the bond computed by the Division of Oil, Gas, and Mining in the amount of \$4,489.70 for the Unit No. 32 Mine be posted to cover all leases which may be involved in that mining operation and from which mineral production will occur. In order to resolve this dilemma, please submit a rider to your present bond within 30 days such that responsibility is also stipulated for ML 29216 and ML 30645.

Sincerely yours,
